Remarks

Exhibit turned over to BCSD- Investigator Dan Skoog

Narrative begins on the following page.

SA Baumann was requested to assist the Minnesota Attorney General's Office with re-interviews of some witnesses. Assistant Attorney General Matt Frank advised SA Baumann Ken Andersen was seeking a new trial based on new evidence that had been discovered.

Review of a report of interview of Al Baker authored by Defense Investigator John Egelhof indicated Baker recalled conducting a conversation in the courtroom with Ken Andersen. Baker also reported viewing the location where Andersen shot Swedberg. Baker recalled seeing cigarette butts and two shell casings at this location.

Investigator Egelhof also took a statement from Geraldine Bellanger- mother of Ken Andersen. In this statement, Bellanger asserts the following:

- Baker made a statement to Ken Andersen during the trial- thanking him for not shooting him also
- Baker told her that he had seen Andersen at Swedberg's residence during the hours immediately prior to Swedberg's Murder.
- Baker confessed to killing, or had been confessed to by the killer. (information received by Bellanger through Ken Swedberg)
- Baker had been hearing voices. Those voices told him to kill Chad Swedberg. (information received by Bellanger through Lisa Swedberg)

On November 22, 2016, SA Baumann and White Earth Lieutenant John McArthur did meet with Al Baker at his rural Waubun Minnesota residence. At that location, Baker agreed to participate in a recorded interview concerning the murder of Chad Swedberg.

Baker advised Officers his memory is not as good as it used to be. Baker added the information he provided at the time of the homicide would have been accurate information. Baker added that he is currently 81 years of age.

Baker stated that the conversation with Andersen at the time of trial did occur. Baker recalled asking the judge to speak with Andersen at the conclusion of his testimony. Baker did not recall if the jury was still in the courtroom at the time of his inquiry or not.

Baker recalled thanking Andersen for not shooting him also. Baker believed Andersen created circumstances such that Baker would not be present at the syrup stand that morning. Baker explained that Andersen had asked him to look at a bulk tank at his residence that morning- preventing him from arriving at the Swedberg property earlier that morning.

Baker advised Officers he did view a location that he had concluded Andersen had shot Swedberg from. Baker recalled he made this observation days after the homicide when he, Leslie Fain and Jesse Fain had returned to the syrup stand to finish the processing. Baker recalled seeing cigarette butts at this location and believed he had also observed shell casings. After discussion concerning evidence collected by officers, Baker eventually indicated he may not have made observation of the shell casings.

Baker denied making any observation of Andersen at the Swedberg property during the morning hours of April 13, 2007. Baker stated that he had not been to the property at any time that day- other than as he had reported to Law Enforcement and had testified to at trial.

Baker advised Officers that Geraldine Bellanger had been telling people that Baker was responsible of the murder of Chad Swedberg. Some of those people had advised Baker of her statements. Baker did not recall discussing the murder with Bellanger.

Baker denied that he had ever "heard voices" telling him to kill Chad Swedberg. He added that he certainly had never told anyone that he had ever heard voices. Baker denied being involved in the murder of Chad Swedberg.

Baker stated that he recalled Ken Andersen using his cell phone on the day of Chad Swedberg's Funeral. Baker advised that Andersen told him he did not have his cell phone that day. Baker later saw Andersen using his phone and he thought that was suspicious. Baker had no recollection of receiving calls from the church, or from anyone making statements that led him to believe he was being accused of killing Swedberg.
